Goofi Series: Problem Solving & Creativity

About the Content

There are many things around us. Childrens need to get introduced with this common objects, animals and other things. There are very few contents that helps children to know things around them. But most of them are not so learning friendly or enjoyable for them. This is a unique content which is designed in a way that will make children to learn about different things around them by doing many activities and solving problems of picture puzzle, maze and spot the difference games. Most interestingly, through this content children will able to know different things around them within a very short time with reducing 80% of adult supervision.

About goofi

Goofi is a global platform for young children to develop their future skills like creativity, emotional intelligence and moral values. Our formal education system is failing to nurture the potential of our future generation. Goofi is on a mission to give the power back to parents and teachers with amazing resources and tools so that they can help their children to unleash their creative potential them.
